## SUMMARY

Full Stack Web Developer with a background in the Food and Beverage industry. Ready to use my effective problem-solving and analytical skills to create user-friendly applications. Accustomed to high-stress work environments and guiding diverse groups in leadership roles that require accurate communication and strict time management.

## TECHNICAL SKILLS

**Languages:** HTML5, CSS3, JavaScript, Python

**Libraries:** JQuery, Bootstrap, Bulma, Node, MySQL (Sequelize), MongoDB (Mongoose), Express, Handlebars.js, ReactJS, MERN, NextJS, GraphQL, Tailwind

**Applications:** GitHub, Atlas, Heroku, Firebase

## PROJECTS

### Dono Application|| Backend and Frontend

<https://github.com/abduhakeemdahir/dono-application> | <https://dono-application.herokuapp.com>

This application allows user to donate directly to any non-profit.

**Role:** Focus on the back end, created controllers and routes, Passport JWT authentication, work with global states to grab all the data from database to render to react.

### Workout Buddies || Team Lead

<https://github.com/Tuzosdaniel12/Workout-Buddies> | <https://workout-buddies.herokuapp.com>

A simple application that allows the user to create workouts of their own that can be shared freely amongst fellow users of the application.

**Role:** Team lead, used effective communication skill to help teams progress. Created the database, account activation, authentication routes, rendered data using handlebars templates.

### Facebook Clone || Personal Project

<https://github.com/Tuzosdaniel12/facebook-clone> | <https://feisbuc-clone.herokuapp.com/>

Facebook clone to showcase the ability of the developer to match the styling of Facebook page.

### WhatsApp || Personal Project

<https://github.com/Tuzosdaniel12/whats-app-clone> | <https://whatsapp-simple-clone.herokuapp.com/>

WhatsApp clone, to challenge ability to match styling, and learn server-side rendering with Next.js.

## EXPERIENCE

### Bartender Cactus| Tavern Hall July 2015 to Present Bellevue, WA

Used effective communication skills, time management and personality to achieve to customers satisfaction. While communicating with 150 or more customers per week, maintained a 90% customer satisfaction rating by providing quality customer service in a high pace environment, and enabling happiness by company standards.
